

Career Mentoring Day

For Wounded Warriors and Disabled Veterans

SAS, Cary, NC – June 15, 2017, 9:00 a.m. – 2:30 p.m.

Driven to solve customer business problems, privately-held SAS works closely with customers using advanced analytics to turn data about customers, performance, financials, and more, into meaningful information. More than 13,000 employees across more than 400 SAS offices provide local, hands-on support for customers whenever and wherever they need it. Customer loyalty, evidenced by long-standing SAS® user communities and a strong renewal history, echoes this customer partnership and our shared commitment to a successful future.

People & Skills: SAS' most important asset is its "creative capital," in the words of Co-founder and CEO Jim Goodnight. The technical and domain expertise of our employees helps SAS lead the way in high-performance analytics, empowering our customers to tackle complex problems using big data. For more information, visit www.sas.com.

Spend a day shadowing a SAS Professional in one of the following careers:

- **Software Development**
- **IT**
- **Logistics**
- **Analytics**
- **Sales**
- **Project Management**
